

# The Business of (Im)Migration

## Webinar

**Tuesday, 23<sup>rd</sup> March 2021**

**10:00 – 11:30 EDT | 14:00 – 15:30 GMT | 19:30 – 21:00 IST**

The webinar looks among various types of (im)migrants as it illuminates diverse critical perspectives on the ‘business of (im)migration.’ We explore the range from micro-level migrant subjectivities to the macro-level of (im)migration policies. Conversations consider various geographies in the Global North (the US and UK/Italy) and Global South (Mexico and India).

As the migrant embodies the ‘nomadic-way-of-life’, characterized by a constant movement resisting the motionless boundaries of the “State”, convenors and speakers self-reflect about themselves as *nomadic researchers/ethnographers*.

The conversation aims to connect with the broader debate around discourses of (anti)globalization, nationalism, and development.
